ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Auction Sales Are Conducted in the Following

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. **YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED.** No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins each month. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

IS THIS YOUR FIRST AUCTION CATALOG?

16th EDITION GUIDE BOOK AND 18th EDITION STANDARD CATALOG

USED IN CATALOGING THIS SALE

Gold, silver, small cents, types, commems (gold & silver), and scarce currency, seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Many are rising from month to month with a number "just not obtainable." The coins most in demand will have the greatest number of bidders and with the law of supply and demand working, these coins keep setting new records.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these coins come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of the results in our past sales which reflect the actual and not theoretical value. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, ETC. ARE ESTIMATED AT CATALOG.)** In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.25. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. Coin collecting is a personal hobby which makes life a little more pleasant. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them as well as any compliments.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION**

BARGAINS GALORE

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints, (yes we receive some now and then), we want to hear them. Having catalogued over two hundred forty successful coin auctions, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 7c airmail stamp to find out what we would pay for your outstanding pieces? naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

\$10 GOLD COINS

|------|---|---------|
| 261. | 1795 15 STARS (states) SMALL EAGLE, Uncirculated with yellow tint altho close examination with a glass reveals a slight flattening at the center points of the stars. A choice specimen of the first year of gold coinage. EXCELLENT "TYPE" COIN. A shade superior to the specimen we had in July valued at \$3,000.00. Perhaps this one will now bring closer to | 3500.00 |
| 262. | 1801 13 STARS, LARGES HERALDIC EAGLE, extremely fine and sharp (acquired as "about uncirculated"). We saw one that we recall as being fairly similar at the Central States convention in May priced at \$750. With the rise in values since then, this particular specimen could very well now bring | 850.00 |
| 263. | 1842 SMALLER BUT THICKER, TINY DATE, nearly Uncirculated. RARE TYPE COIN. Somewhat superior to the one we had in June at \$150; this one should bring closer to | 200.00 |
| 264. | 1842-O LARGER DATE, nearly Uncirculated. RARE. | 125.00 |
| 265. | 1847-O STILL LARGER DATE extremely fine and sharp. | 60.00 |

\$5 GOLD COINS

|------|--|--------|
| 273. | 1798 Large Eagle, small 8 in date, UNCIRCULATED WITH PROOFLIKE REVERSE, slight rubbing on top strands of hair. Rare. In strong demand for type. The last record we could find was \$750; should now bbring | 850.00 |
|------|--|--------|

274. 1799 Virtually Uncirculated, only barest friction, shattered reverse die which probably accounts for the small number issued of this date. In checking the quantities issued of these early 5's, we note the 1799 HAS THE SMALLEST ISSUE OF ANY DATE 1798-1834! While fewer specimens are known today of rare dates in the 1820's valued in the thousands of dollars, we feel the 1799 is grossly undervalued in keeping with its true rarity. It seldom is offered. If this rarity were in our stock, our asking price would not be less than\$1000.00

275. 1804 Small 8 in date, appears to be Uncirculated at first glance but close examination shows slight rubbing on cap, prooflike surface on reverse. The rare variety with right foot of T's in STATES missing. The only other specimen we can recall cataloging was valued at \$850; this one should now bring closer to 1000.00

276. 1808 BUST LEFT IN CAP, BRILLIANT UNCIRCULATED, SHARPLY STRUCK 750.00

277. 1813 NEW TYPE WITH LARGE "SQUARE" HEAD, variety with re-engraved 5 in 5D, BRILLIANT UNCIRCULATED. Far superior to the last specimen we cataloged at \$1000; this one surely worth \$250 more or\$1250.00

278. 1813 Duplicate with normal 5 in 5D, very good and sharp. In Strong demand for type. 350.00

279. 1834 NEW TYPE, rare variety with Large Bust, MAGNIFICENT SPECIMEN ACQUIRED AS A PROOF. The coin does have a virtually perfect proof surface with a HIGH RAISED BORDER AROUND OBVERSE AND REVERSE. However, we would prefer to call it a "PRESENTATION PIECE" rather than a proof comparable to later day proofs. Records indicate that "presentation pieces" were made up prior to 1858 (when proofs were on public sale for everyone) for Congressmen, V.I.P.'s, foreign kings and noblemen and foreign museums. The mint did the best it could without too great a cost and "bother." This resulted in "one-sided proofs", proofs without the depth of modern day proofs and other variations compared to the uniform proofs now made. Acquired over a year ago at \$750.

280. 1835 Small date, Long Arrowheads, extremely fine, tiny nick. RARE VARIETY. The one in our June sale (unc.) was 150.00

281. 1836 Large 1 and 6, no berry on branch, nearly unc. RARE. 100.00

282. 1838 Bust a little smaller than above, berry on branch, nearly Unc. 75.00

283. 1838-D MINT MARK ON OBVERSE, a choice specimen showing only slight friction on highest points. RARE TYPE COIN. Also FIRST YEAR DAHLONEGA MINT. In strong demand with new records being set just about each time offered. We note an "A.U." specimen advertised in the June 1 issue of Coin World at \$950; surely this equally choice specimen should now bring well over\$1,000.00

284. 1839 NEW TYPE, SMALLER HEAD WITH CORONET, very fine. SCARCE. 85.00

285. 1839-C MINT MARK ON OBVERSE, nearly Uncirculated, minute edge nick. Superior to the last two specimens we have catalogued. RARE TYPE COIN —ONLY YEAR THIS TYPE WITH MINT MARK ON OBVERSE! The last specimen in this condition was in February at \$300; this one now surely worth at least 350.00

COLLECTION CHOP-MARKED TRADE DOLLARS

The U. S. trade dollar was issued for circulation in the Orient to compete with the Mexican peso. It weighs 420 grains compared to the Standard dollar of 412½ grains. The chop-mark was placed upon the coin by each money changer to indicate its full value. Since most have been melted for their silver content, we have not been privileged to offer many in recent years. A most interesting and historical coin.

625.	1874 Very fine, one chop-mark on reverse. "P" mint chop-marked trade dollars are much scarcer than the "S" mint. It was more practical to ship the "S" mints to the Orient than all the way from the "P" mint.	25.00
626.	1874-S Only slight friction but Numerous chop-marks.	25.00
627.	1875 Only slight friction but several chop-marks. SCARCE "P" MINT. Also scarce date.	50.00
628.	1876 Nearly unc., Numerous chop-marks. SCARCE "P" MINT.	35.00
629.	1876-S Nearly unc., Numerous chop-marks. SCARCE Micro "s".	35.00
630.	1877-S Nearly unc., several chop-marks.	25.00
631.	1877-S Similar but SCARCE Micro "s".	35.00
632.	1878-S Very fine, numerous chop-marks.	25.00

SILVER DOLLARS 1795-1803

633. 1795 B-1, FLOWING HAIR, 2 Leaves as on 1794, about very fine, line in field. In strong demand for type. 250.00
634. **1795 B-5, 3 Leaves under eagle's wing, about extremely fine. Have seen comparable specimens priced over** **400.00**
635. 1795 Flowing Hair, about very good obverse, fair reverse (only partly legible). If the reverse were as good as the obverse, this would be worth \$125.00 to.... 150.00
636. 1795 B-14, BUST TYPE,, SMALLER EAGLE, bust centered to left as illustrated in guidebook. fine. IN STRONG DEMAND FOR TYPE. 175.00

637. 1795 B-15, Bust properly centered and the scarcer variety of the only two varieties issued this year of this type,, NEARLY UNCIRCULATED. RARE, ESPECIALLY SO CHOICE. ROTATED REVERSE. Catalogs a mere \$650.00 unc.; this should be for unc. closer to\$1000.00

638. **1796 B-1, Small date, Small letters, the bust is fine while Liberty, stars and date are very fine, the reverse is very fine. RARE. In checking past sales, we find we have seldom been privileged to offer very many specimens in our past 245 sales. GREATLY UNDERVALUED "TYPE" COIN. Should (in keeping with values of other early dollars) be worth** **350.00**
639. 1796 B-4, Small date, Large Letters, good obverse, very good reverse, clever repair noticeable only on close examination. Acquired at 65.00

640. 1796 B-5, Large Date, Large Letters, lovely bluish UNCIRCULATED specimen. VERY RARE SO CHOICE. Greatly undervalued. If this were in our stock, we would not hesitate to ask\$1250.00

641. 1797 B-1, 9x7 Stars (Tennessee admitted as a state necessitating increasing the stars from 15 as in 1794-96 to 16) Large Letters reverse, the center portions (due to striking) appear as very fine while the outer edges are closer to extremely fine. THE RAREST DATE 1795 THRU 1803! A glance at the coinage will quickly reveal that the total coinage of 1797 IS LESS THAN ONE FIFTH THAT ANY OTHER DATE 1795-1803. Surely, this rarity should be worth at least 350.00

642. 1797 B-2, 9x7 STARS, SMALL LETTERS REVERSE, the center portions appear (due to striking) as very fine while the other edges are closer to extremely fine. THE RAREST EARLY DOLLAR LISTED IN THE GUIDEBOOK 1794-1803 (YES, MUCH RARER THAN 1794!). ONLY 342 ISSUED COMPARED TO 1758 OF 1794. While we have seen the figure 45 or thereabouts quoted as the number of specimens of the 1794 known to exist, we have seen estimates of only "a dozen or so" known to exist of the 1797 small letters. Since LESS THAN ONE FIFTH AS MANY 1797 B-2 WERE ISSUED AS 1794, THIS RATIO OF RARITY COULD VERY WELL BE CORRECT. Certainly, we have seen and cataloged far fewer 1797 B-2 than we have of 1794. Should be worth \$1500 but being realistic, it will probably now (until its rarity is better known) bring closer to\$1000.00
643. 1797 B-3, 10x6 STARS (considered by many as a distinct "TYPE") large letters, UNCIRCULATED, slight rubbing on highest points. VERY RARE. Only 2493 issued compared to 4941 of the 1797 B-1, 9x7 stars making it TWICE AS RARE AS THE 1797 9x7 STARS! Easily worth over 1000.00
644. 1798 B-2, 15 STARS TYPE OF 1796 WITH SMALL EAGLE REVERSE and Small Letters (we feel this was issued prior to B-1 since its type is that of 1796) UNCIRCULATED with light golden tint, close examination with a glass reveals some pinmarks (probably from contact with other coins). THE CHOICEST APPEARING SPECIMEN OF THIS RARITY (Rarity 5) THAT WE CAN RECALL SEEING! Easily worth\$1500.00
645. 1798 B-1A, 13 STARS (stars standardized at 13 when it was seen how impractical it would be to add a star for each new state) SMALL EAGLE REVERSE but Large Letters rather than the small letters as on B-52. About extremely fine (outer edges sharper than center as seems characteristic of the striking). VERY RARE. Seldom offered. Surely, this very rare "type" coin should be worth \$500.00; the owner valued it at 750.00
646. 1798 B-4, LARGE HERALDIC EAGLE, 7x6 STARS, KNOB 9, a choice extremely fine specimen (owner bought as "rubbed uncirculated"). 10 Arrows plus 1 faint and 2 "sticks", VERY RARE (rarity 6). Easily worth over 500.00
647. 1798 B-8Aa, Close Date, ONLY 4 BERRIES (Large) in Branch, additional die breaks than on B-8 but not all those on B-8A, nearly Uncirculated (as usual, the 5th star does not show on this variety. RARE. Worth over catalog (unc.) of \$300; should be closer to 400.00
648. 1798 B-13, Medium Wide Date, ONLY 10 ARROWS, extremely fine, some luster. Catalogs unc. 300.00
649. 1798 B-15, WIDE DATE, 13 Arrows, spur on 9, nearly Uncirculated. Catalogs unc. 300.00
650. 1798 B-9, Close Date, 5 Berries, ONLY 12 ARROWS, bluish UNCIRCULATED. A choice specimen of this RARE variety. 650.00
651. 1798 B-23, Very Wide Date with 8 TOUCHING BUST, spur on 9, nearly Uncirculated. SCARCE. Much more so than the "common" varieties which catalog unc. at 300.00
652. 1798 B-29, Close Date, HIGH 8, golden UNCIRCULATED, SHARP IMPRESSION. RARE but ESPECIALLY RARE SO CHOICE. Easily worth 500.00
653. 1799 OVER 98, B-2, 13 Star Reverse, a borderline very fine. RARE. 150.00
654. 1799 OVER 98, B-3, very fine and sharp. VERY RARE. Somewhat undervalued 225.00
655. 1799 B-5A, Missing top of U in UNITED variety, golden UNCIRCULATED. RARE variety, ESPECIALLY SO CHOICE. 375.00
656. 1799 B-6, First star smaller than others, nearly Uncirculated. RARE VARIETY. 275.00
657. 1799 B-8, "N-1" variety (UN-ITED) about extremely fine. RARE. 150.00

SILVER DOLLARS 1795-1803 (Continued)

658.	1799 B-12C, NO BERRIES in Branch, similar to B-12A but additional die break at left edge, faint die break 9th star to border as in B-12B but NOT OTHER DIE BREAKS OF 12B, very fine obverse, extremely fine reverse. Easily worth over	150.00
659.	1799 B-13, IRREGULAR DATE, 13 Star Reverse, nearly Uncirculated. Bolender says, "EXTREMELY RARE." Easily worth	500.00

660.	1799 B-17A, EXTRA LARGE BERRIES, PROOFLIKE GEM with lovely blue patina. RARE variety but EXTREMELY RARE SO CHOICE.	\$1000.00

675. 1836 Liberty Seated, NO DRAPERY FROM ELBOW, starless obverse but STARRED REVERSE (representing number of states in the Union) PLAIN EDGE, slight rubbing on highest points. RARE ORIGINAL with INVERTED REVERSE. Only 600 issued compared to 1000 with the normal reverse. The last original we had (we must admit it was superior to this specimen) was \$2500.00

676. 1839 STARS ON OBVERSE, PLAIN REVERSE FIELD, REEDED EDGE, BRILLIANT GEM PROOF. A JOY TO BEHOLD. ONLY 300 ISSUED. How many could have survived, particularly in this remarkable state of preservation? | 832. | TYPE II, HAIR IN KNOT, "½" BELOW SMALLER EAGLE, 1797 EXTREMELY FINE AND SHARP (perhaps it is "About Uncirculated" for which it was acquired). VERY RARE TYPE. WE HAVE MORE WANT LISTS FOR THIS THAN ANY OTHER HALF DOLLAR! The only other specimen we find offered in recent months is that in the November sale of a West Coast dealer described as follows: "1797 A Very Rare type coin. About Fine. Very sharp date. With usual adjustment marks. This rare coin should bring well over \$3,500.00." We note the catalog indicates a fine (this coin evidently only very good) specimen is worth over double that of a good one; surely this CHOICE EXTREMELY FINE SPECIMEN IS WORTH AT LEAST TRIPLE THAT OF THE WEST COAST SPECIMEN DESCRIBED, OR | \$10,500.00 |

INVESTOR'S LOT PROOF SETS

We note an increasing interest in this series during the past few months by investors and speculators. They seem to feel that they are undervalued in relation to rolls and other series. Perhaps they are right. A glance at the mint figures would lead us to believe that there is some merit to their thinking.

1168.	1937 Brilliant Proof Set. ONLY 5,542 ISSUED. Ads over	200.00

PROOF TWO CENT PIECES

1360.	1864 Small Motto, Red and Purple Prooflike GEM with "Square Edges" generally associated with proofs. No wonder it was acquired as a full proof several years ago at \$500. EARLY QUARTERS

1702. 1796 SMALL EAGLE, fine and sharp date but only part of bust and stars legible, reverse has only part of eagle legible. RARE. Only year of type. Acquired in 1961 at \$385.00; should now bring closer to 500.00

1703. 1796 VERY FINE, nice even wear with unusually bold eagle (most are rather weak). VERY RARE. We note the catalog lists this rarity in only fine at \$1,700.00 and in very good at \$900.00. PIONEER \$50 GOLD

2000. 1851 Augustus Humbert United States Assayer of Gold California UNITED STATES OF AMERICA. FIFTY DOLLS., 880 THOUS., the first of the reeded edge "slugs" and issued only for a limited amount of time. VERY RARE. Virtually Uncirculated with PROOFLIKE surface, only slight rubbing and a light "test mark" on reverse keeps us from using the term GEM. A remarkably well preserved specimen of these large soft heavy gold coins which circulated so extensively at the time. They are interwoven with the California Gold Rush period. Since these contained more metallic value than the \$50 face value, nearly all found their way into the melting pot. With inferior specimens of the commoner varieties bringing in the neighborhood of \$3,000.00, we believe this rarity should bring well over ----- 5000.00

2001. 1851 Variety with 887 Thous. (fineness increased to make it more acceptable for the U. S. customs) **MAGNIFICENT SPECIMEN WITH PROOF SURFACE. BY FAR, THE CHOICEST SPECIMEN WE HAVE CATALOGUED IN OUR 246 SALES!** Probably a "Presentation Piece" made for Augustus Humbert. In trying to determine its value, we finally came across a record where a pair (both different varieties than this) were sold in February, 1961 at a New York auction. Both were \$10,000.00 each (nearly two years ago). With the rise in market values since then, who knows how much this is worth today. In the final analysis, you, the collector must determine what it is worth by your bid.

2002. 1855 ROUND (all other \$50 gold are octagon except for the "impossible" 1855 Kellogg which last sold at \$15,000.00) **WASS MOLITOR & CO. San Francisco, California, 900 THOUS.** (note how fineness was increased from 880 thous. on lot 2000 to 887 on lot 2001 and finally to 900 thous. on this to conform to the fineness on regular U. S. gold). An unusually choice specimen showing only slight friction and a minimum amount of nicks which on this specimen, fortunately are quite tiny rather than the usual large ones which seem to plague these soft heavy coins. This coin has advanced in the catalog from \$5,850.00 for unc. in the 14th edition to \$7,500.00 in the 15th edition to \$8,000.00 in the present 16th edition (issued in June). How much it will advance in the 17th edition is problematical; perhaps to \$9,000.00 or maybe ----\$10,000.00

SMALL SIZE LEGAL NOTES

There has been a sharp increase in demand for small size notes during the last year. No doubt the album issued for \$1 notes has contributed to this demand. We understand that several publishers are working on albums for all denominations to be followed later with large size note albums. Many of the following will no doubt "jump" in value when this occurs. We suggest you take advantage of this opportunity to acquire the notes you need before they increase much higher in value.

SMALL SIZE FEDERAL RESERVE BANK NOTES

An EMERGENCY ISSUE using the 1929 National Currency frames and adding "OR LIKE DEPOSIT OF OTHER SECURITIES" (allowing other than U. S. bonds as collateral). The issue soon replaced with Federals. A number are now difficult to obtain. We believe this series offers a good opportunity for future rise in values. WE KNOW OF ONLY ONE COMPLETE SET. Undoubtedly, there are many "sleepers" in the set (rarer than the catalog value indicates). We understand someone is working on an album for the set. When that happens, watch them "jump" in value.
